10. If you are not satisfied with their service, you can cancel your subscription anytime, **unsubscribe without additional charges**.

## **Young Miles Vorkosigan Adventures Book Preview**

It isn't easy, being Vor. Being a Vor lord on the war-torn planet Barrayar wasn't easy. Being an officer in Barrayar's military wasn't easy. And being the leader of a force of spaceborne mercenaries while maintaining a secret identity wasn't easy in fact it should have been impossible, to say nothing of being a capital offense on Barrayar. Not that impossibility or great danger would slow down young Miles Vorkosigan much. Washed out of the Barrayaran Military Academy for being overly fragile (he had been biochemically damaged during an assassination attempt while still in his mother's womb), Miles' natural (if unorthodox) leadership qualities quickly led to his off-handedly acquiring a fleet of nineteen ships and three

thousand troops, all unswervingly loyal to him or at least to his alter ego, Admiral Naismith. In short order, he foiled a plot against his father, returned to and graduated from the academy, solved a murder among his people, joined a mutiny against a deranged superior officer, thwarted an interstellar invasion, and rescued the Barrayaran Emperor. Then things get interesting. Publisher's Note: "Young Miles" was previously published in parts as "The Warrior's Apprentice", "The Mountains of Mourning", and "The Vor Game".
