10. If you are not satisfied with their service, you can cancel your subscription anytime, **unsubscribe without additional charges**.

The History Central Asia Volume Book Preview

The Age of the Silk Roads (c 200 BC- c 900 AD) shaped the course of the future. The foundation by the Han dynasty of an extensive network of interlinking trade routes, collectively known as the Silk Road, led to an explosion of cultural and commercial transactions across Central Asia that had a profound impact on civilization. In this second volume of his authoritative history of the region, Christoph Baumer explores the unique flow of goods, peoples and ideas along the dusty tracks and wandering caravan routes that brought European and Mediterranean orbits into contact with Asia. The Silk Roads, the author shows, enabled the spread across the known world of Christianity, Manichaeism, Buddhism and Islam, just as

earlier they had caused Roman citizens to crave the exotic silk goods of the mysterious Far East. Tracing the rise and fall of empires, this richly illustrated book charts the ebb and flow of epic history: the bitter rivalry of Rome and Parthia; the lucrative mercantile empire of the Sogdians; the founding of Samarkand; and Chinese defeat at the Battle of Talas (751 AD) by the forces of Islam.
