10. If you are not satisfied with their service, you can cancel your subscription anytime, **unsubscribe without additional charges**.

Goodbye River Narrative John Graves Book Preview

In the 1950s, a series of dams was proposed along the Brazos River in north-central Texas. For John Graves, this project meant that if the stream's regimen was thus changed, the beautiful and sometimes brutal surrounding countryside would also change, as would the lives of the people whose rugged ancestors had eked out an existence there. Graves therefore decided to visit that stretch of the river, which he had known intimately as a youth.

Goodbye to a River is his account of that farewell canoe voyage. As he braves rapids and fatigue and the fickle autumn weather, he muses upon old

blood feuds of the region and violent skirmishes with native tribes, and retells wild stories of courage and cowardice and deceit that shaped both the river's people and the land during frontier times and later. Nearly half a century after its initial publication, **Goodbye to a River** is a true American classic, a vivid narrative about an exciting journey and a powerful tribute to a vanishing way of life and its ever-changing natural environment.
