**Ginger Levin and Allen Green wrote *Implementing Program Management Templates and Forms Aligned with the Standard for Program Management* “Second Edition (2008)” in 2010. Since then it has become the go-to reference for program practitioners, colleges, universities, and those studying for the Program Management Professional (PgMP<sup>®</sup>) credential from the Project Management Institute (PMI<sup>®</sup>).**

**Based on PMI<sup>®</sup>’s *Standard for Program Management* “Third Edition (2013)” and other best practices, the updated edition of this bestselling reference provides a program management methodology consisting of reports, forms, templates, and documents. It includes identifiable documents referenced in the latest *Standard for Program Management* as well as other helpful ones omitted from prior editions.**

**The book deals with the full program management life cycle—program definition, program benefits delivery, and program closure—to support the documentation requirements for your programs.
