10. If you are not satisfied with their service, you can cancel your subscription anytime, **unsubscribe without additional charges**.

Drawn Spirit Pennsylvania Fraktur Collection Book Preview

Among the most beloved forms of American folk art, fraktur is a Germanic tradition of decorated manuscripts and printed documents noted for its use of bold colors and whimsical motifs. This publication makes a landmark contribution to the study of Pennsylvania German fraktur, and offers the most comprehensive study of the topic in over 50 years. The featured objects, most of which have never been published, accompany significant new information about the artists who made these works and the people who owned them. An introductory essay sets the renowned Johnson Collection within the context of collecting and scholarship on Pennsylvania German folk art and then highlights major new discoveries, including

connections between fraktur and related examples of furniture and prints. An interview with the collectors offers valuable insights into the formation of this special group of objects, which includes birth and baptismal certificates, bookplates, religious texts, writing samples, house blessings, cutworks, and printed broadsides. The splendid color illustrations reveal schools of artistic and regional influence, giving a nuanced understanding of how artists took inspiration from one another and how designs were transferred to new locations. Detailed catalogue entries include extensive information about each piece as well as complete translations.
