Trampa Redes Sociales Spanish Edition Book Preview

Un libro provocador que desmitifica la pretendida revolucion de las redes sociales que algunos gurues predicen para lucrar con las empresas que quieren estar en la web pero no saben como. Las redes sociales crecen y tienen su importancia, pero segun el autor mucho menos de las que algunos predicen y tienen muy poca relevancia respecto al negocio propiamente dicho. Podras tener miles de seguidores en Facebook y twitter, pero eso no se traduce en un aumento del negocio. En este libro se sugieren una serie de pautas a tener en cuenta para tener una buena presencia en la red, conectar con tus clientes y consumidores, pero sin gastar una fortuna para ello. / An insightful guide to social media that tells all you need to know about using

the Web to expand your business. B.J. Mendelson skillfully debunks the myths and illustrates how the notion of social media first came to prominence, why it has become such a powerful presence in the marketing field, and who stands to benefit each time its touted in the press.
