5. Playing online games on your PC, Mac, Tablet or Smartphone.
6. Access playster content on up to six different devices.
7. Access the service via a web browser or through the smartphone App, which is available for IOS and Android.
8. If you are using the latest version of the Playster app for iOS or Android, you can enjoy content without the need for an internet connection. The Playster app lets you download and save all of your favorite music, books, audiobooks and movies to your mobile device so you can enjoy them anytime, anywhere.
9. If you are satisfied with the service, you can continue your subscription with only \$1.95 / month for all services (books, audiobooks, movies, music and games) or \$0.5 / month for single service.
10. If you are not satisfied with their service, you can cancel your subscription anytime, **unsubscribe without additional charges**.

## **The Enigma Capital Crises Capitalism Book Preview**

For over forty years, David Harvey has been one of the world's most trenchant and critical analysts of capitalist development. In *The Enigma of Capital*, he delivers an impassioned account of how unchecked neoliberalism produced the system-wide crisis that now engulfs the world.

Beginning in the 1970s, profitability pressures led the capitalist class in advanced countries to shift away from investment in industrial production at home toward the higher returns that financial products promised. Accompanying this was a shift towards privatization, an absolute decline in the bargaining power of labor, and the dispersion of production throughout

the developing world. The decades-long and ongoing decline in wages that accompanied this turn produced a dilemma: how can goods--especially real estate--sell at the same rate as before if workers are making less in relative terms? The answer was a huge expansion of credit that fueled the explosive growth of both the financial industry and the real estate market. When one key market collapsed--real estate--the other one did as well, and social devastation resulted.

Harvey places today's crisis in the broadest possible context: the historical development of global capitalism itself from the industrial era onward. Moving deftly between this history and the unfolding of the current crisis, he concentrates on how such crises both devastate workers and create openings for challenging the system's legitimacy. The battle now will be between the still-powerful forces that want to reconstitute the system of yesterday and those that want to replace it with one that prizes social justice and economic equality. The new afterword focuses on the continuing impact of the crisis and the response to it in 2010.
