10. If you are not satisfied with their service, you can cancel your subscription anytime, **unsubscribe without additional charges**.

Evo Morales Extraordinary Indigenous President Book Preview

The fascinating Bolivian president Evo Morales is vying with the brash and provocative leader of Venezuela, Hugo Chavez, to be the most influential figure in South American politics today. Since coming into office four years ago, Morales has been intensely critical of the United States, speaking out against the drug war at the United Nations and implementing socialist programs at home, including the nationalization of British Petroleum holdings and other foreign investments. And he has reached out to America's political enemies, including Cuba and Iran.

Based on personal interviews and unprecedented access, Sivak traces the

rise of Morales from his humble origins in a family of migrant workers to his youth as union organizer and explosion onto the national stage.
