10. If you are not satisfied with their service, you can cancel your subscription anytime, **unsubscribe without additional charges**.

Decades Crisis Central Eastern Europe Book Preview

Only by understanding Central and Eastern Europe's turbulent history during the first half of the twentieth century can we hope to make sense of the conflicts and crises that have followed World War II and, after that, the collapse of Soviet-controlled state socialism. Ivan Berend looks closely at the fateful decades preceding World War II and at twelve countries whose absence from the roster of major players was enough in itself, he says, to precipitate much of the turmoil.

As waves of modernization swept over Europe, the less developed countries on the periphery tried with little or no success to imitate Western

capitalism and liberalism. Instead they remained, as Berend shows, rural, agrarian societies notable for the tenacious survival of feudal and aristocratic institutions. In that context of frustration and disappointment, rebellion was inevitable. Berend leads the reader skillfully through the maze of social, cultural, economic, and political changes in Hungary, Czechoslovakia, Yugoslavia, Poland, Romania, Bulgaria, Albania, Austria, Latvia, Lithuania, Estonia, and the Soviet Union, showing how every path ended in dictatorship and despotism by the start of World War II.
