10. If you are not satisfied with their service, you can cancel your subscription anytime, **unsubscribe without additional charges**.

Throwing Frisbees At The Sun Book Preview

At a time in rock and pop history where most things in music have been done before, few artists have proved as restlessly innovative over the past two decades as Beck. Since bursting onto the scene in 1994 with 'Loser', he has zigzagged his way across the contemporary music landscape, consistently remaining one step ahead of expectations and doing things his own way: shape-shifting from indie icon to pop crooner, from folk hobo to Latino-rap hipster, and dabbling in country, metal, blues, and rock along the way, balancing big-budget chart highs with lower-key, introspective acoustic albums.

Beck hails from a family tree rich in music and performance art, which has filtered into his music, videos, and live work. Early shows included spoken

word sections, songs made up on the spot, and stage clearances using a leaf-blower. His enthusiasm for the experimental has not diminished with age. In the 21st century, he founded the Record Club, which brought together disparate artists to record cover versions of whole albums in a single day for release online. Then he took a troupe of doppelganger marionettes out on tour and made the brave decision to release *Song Reader* as a hardcover set of sheet music, challenging buyers to record and play their own versions of his new songs.

Throwing Frisbees At The Sun is the first serious study of Beck's life and work for more than a decade. Drawing on new interviews with friends, family, collaborators, producers, and bandmates--as well as conversations with Beck himself--Rob Jovanovic has fashioned a carefully crafted, career-spanning retrospective befitting the many twists and turns of this intriguing performer's path through life and music.
