This is an easy-to-follow guide to creating your very own gothic & punk inspired manga artwork. The gothic and punk trend, founded in Europe as a result of the new rock music movements which sprang up in the 1970s and 80s, had a strong influence on young people around the world. In Japan, people started to adapt the look to their own particular tastes, eventually subverting it into a culture of their very own. This fusion led to the creation of a whole range of looks such as gothic lolita (period costume), visual kei (punks with a glam influence) and steampunk (retro-futuristic), which have also been adopted in the West. Filled with full-colour illustrations, expert hints, tips, and exercises, "Manga Master Class: Gotik & Punk" presents an

easy-to-follow guide to creating your very own manga inspired artwork.
