10. If you are not satisfied with their service, you can cancel your subscription anytime, **unsubscribe without additional charges**.

Russian Elegance Country Fashion Century Book Preview

This beautifully illustrated book shows examples of Russian dress and accessories from the 15th to the early 20th century. Derived from the collection of the State Historical Museum and covering both dress worn in the countryside and in the city, this book is a fabulous feast of splendid patterns and fine detail. From exuberantly colorful and embellished dresses to elegantly sumptuous brocades and silks, the garments and accessories included in this book are an inspiration. In the first part of the book we look at traditional Russian dress, which was worn by all Russian peasants, by the urban petit bourgeoisie and by merchants. This type of clothing became accepted as national dress. In the towns and cities, dress was influenced by

the Parisian styles but interpreted by Russian seamstresses reflecting the love of bright colors, multi-colored patterns and decorative features in evidence in traditional dress. With authoritative essays written by experts L. Yefimova and T. Aleshina, *Russian Elegance* is an invaluable resource for fashion designers, artists, fashion historians, set and costume designers, or anyone interested in these beautiful designs.
