10. If you are not satisfied with their service, you can cancel your subscription anytime, **unsubscribe without additional charges**.

The Palestinians Photographs People Present Book Preview

A crossroads of religions, politics, and cultures with deep symbolic and historical significance, the holy land of Palestine has a resonance far greater than its size. Notably, the centuries-old conflict there has catapulted this tiny area to the center of the world stage. For reasons such as these, Palestine has long been a source of fascination for photographers, and it is one of the most frequently photographed places in the world. This engrossing publication examines images of Palestine taken over the course of nearly 200 years, showing the various phases of its pictorial history. Elias Sanbar provides commentaries on this impressive and visually stunning opus, showing how a highly symbolic place and its people have

been both captured and abstracted by the camera. Gripping and poignant, the photographs in this publication assert not only the global importance of Palestine, but the beauty that emerges amid its complicated history.
