## **Proclivities A Pop Culture Odyssey Book Preview**

This series of essays throws politically correct ideas out the door and delivers a candid look at the dynamics of modern pop culture thinking. You will find random thoughts on words that start with N and an examination of the thinking of liberals as compared to conservatives, including their different thoughts on global warming.

Look for a fun section on the nature of the human male and also look for a penetrating examination on the chronic condition of “vaginitis” also known as Chronic Complaining Syndrome; (Ccs) which describes a small minority of constantly complaining women.

You will also find a few comments on politics and economics, including;

“Liberal economist? There is no such thing as a liberal economist. You are either liberal or an economist! Asking a liberal to discuss economics is like asking Satan to discuss Christianity”.
