Lethal Warriors When Band Brothers Book Preview

Pulitzer Prize finalist David Philipps brings to life the chilling story of how today's American heroes are slipping through the fingers of society--with multiple tours of duty and inadequate mental-health support creating a crisis of PTSD and a large-scale failure of veterans to reintegrate into society. Following the frightening narrative of the 506th Infantry Regiment--who had rebranded themselves as the Lethal Warriors after decades as the Band of Brothers--he reveals how the painful realities of war have multiplied in recent years, with tragic outcomes for America's soldiers, compounded by an indifferent government and a shrinking societal safety net.
