10. If you are not satisfied with their service, you can cancel your subscription anytime, **unsubscribe without additional charges**.

Endgame Fischers Remarkable Americas Brightest Book Preview

Endgame is acclaimed biographer Frank Brady's decades-in-the-making tracing of the meteoric ascent and confounding descent of enigmatic genius Bobby Fischer. Only Brady, who met Fischer when the prodigy was only 10 and shared with him some of his most dramatic triumphs, could have written this book, which has much to say about the nature of American celebrity and the distorting effects of fame. Drawing from Fischer family archives, recently released FBI files, and Bobby's own emails, this account is unique in that it limns Fischer's *sentire*

lifeâ€™ an odyssey that took the Brooklyn-raised chess champion from an impoverished childhood to the covers of *Time*, *Life* and *Newsweek* to recognition as â€œthe most famous man in the worldâ€• to notorious recluse.

Â

At first all one noticed was how gifted Fischer was.Â Possessing a 181 I.Q. and remarkable powers of concentration, Bobby memorized hundreds of chess books in several languages, and he was only 13 when he became the youngest chess master in U.S. history.Â Â But his strange behavior started early.Â In 1972, at the historic Cold War showdown in Reykjavik, Iceland, where he faced Soviet champion Boris Spassky, Fischer made headlines with hundreds of petty demands that nearly ended the competition.

Â

It was merely a prelude to what was to come.

Â

Arriving back in the United States to a heroâ€™s welcome, Bobby was mobbed wherever he wentâ€™ a figure as exotic and improbable as any American pop culture had yet produced.Â No player of a mere â€œboard gameâ€• had ever ascended to such heights.Â Commercial sponsorship offers poured in, ultimately topping \$10 millionâ€™ but Bobby demurred.Â Instead, he began tithing his limited money to an apocalyptic religion and devouring anti-Semitic literature.Â

Â

After years of poverty and a stint living on Los Angelesâ€™ Skid Row, Bobby remerged in 1992 to play Spassky in a multi-million dollar rematchâ€™ but the experience only *deepened* a paranoia that had formed years earlier when he came to believe that the Soviets wanted him dead for taking away â€œtheirâ€• title.Â When the dust settled, Bobby was a wanted manâ€™ transformed into an international fugitive because of his decision to play in Montenegro despite U.S. sanctions.Â Fearing for his life, traveling with bodyguards, and wearing a long leather coat to ward off knife attacks, Bobby lived the life of a celebrity fugitive â€œ one drawn increasingly to the bizarre.Â Mafiosi, Nazis, odd attempts to breed an heir

who could perpetuate his chess-genius DNA”all are woven into his late-life tapestry.

Â

And yet, as Brady shows, the most notable irony of Bobby Fischer’s strange descent “ which had reached full plummet by 2005 when he turned down yet *another* multi-million dollar payday”is that despite his incomprehensible behavior, there were many who remained fiercely loyal to him.Â Why that was so is at least partly the subject of this book”one that at last answers the question: “Who was Bobby Fischer?”•
