Book Preview

For decades, this bestselling collection has helped fashion students and designers—and this expanded edition will provide guidance for generations to come. Not only does it include more than 200 scannable templates of men, women, teens, and children on perforated pages, but costumers will also be given access to a range of templates to download from the Internet. The templates include figures in movement and in a range of poses from different angles, all created by leading fashion designer Patrick John Ireland. Overlay your own designs onto the templates or use the scans as a basis for digital designs. Plus, an entirely new chapter provides over 150 different fashion details, ranging from sleeve shapes to hemlines, drapes, pleats, and pockets.
