Programming Planning Practice Sample Problems Book Preview

Updated to the 2007 AIA® Documents and the 2009 *International Building Code*

Get the realistic practice you need to successfully prepare for the Programming, Planning & Practice division of the Architect Registration Examination (ARE) with *Programming, Planning & Practice: ARE Sample Problems and Practice Exam*. 88 challenging sample problems are presented in the same formats as the problems on the exam, including multiple-choice, check-all-that-apply, and fill-in-the-blank. A sample vignette prepares you for the graphic portion of the exam. Clearly explained solutions, are provided to supplement your review.

Also included is a realistic 85-problem practice exam that simulates the actual exam experience through content areas covered, length, level of difficulty, format, and the use of logical distractors. The practice exam includes a vignette covering site zoning just like the actual exam.

Coverage of the Programming, Planning & Practice Content Areas

- Codes and Regulations
- Environmental, Social and Economic Issues
- Programming and Analysis
- Project Budget and Financing
- Project and Practice Management
- Site Zoning

Features and Benefits

- Challenging sample problems in the same format as the exam provide the realistic practice you need to successfully prepare for the Programming, Planning & Practice division of the ARE.
 - Downloadable PDF files, which can be imported into your drafting software, allow you to practice creating graphic vignette solutions.
 - Practical tips for approaching the multiple choice sections, solving the vignettes, and using the vignette software help you avoid common mistakes.
 - Updated codes and standards provide you with the most current ARE review materials.
