Full Moon New Earth Collective Book Preview

To walk as Spirit fully integrated into a human body is a wondrous and scary experience. Wondrous, because all of a sudden we understand that we are divine, that there is nothing about us that needs to be fixed, that we already shine. Scary, because, in the past, fully enlightened humans were persecuted and often died, and we all carry those collective memories. This is the lifetime when we move past that fear, when we no longer need anger, shame, or pain to teach us that we are human, but also divine. And what joy flows from that understanding! The world is a safe place, our needs will be met, and we ourselves are enough: complete, and entirely loved. Full Moon, New Earth is a collection of teaching poems that record, elicit, and illuminate the road to New Earth and the joy of living as an awakened soul.
