In people or in art, according to Dr. Mark Manhart, "You may not like nor understand everything you see, but at least you will have a truer view of all that went into making the man or the artwork." This biographical memoir takes the reader through all of his different lives – his "open life" and his "secret life". Manhart's professional side finds him a highly trained dentist who is actively engaged in developing new treatments and therapies. His inner passion, which keeps him charged, is his involvement in theatre as a playwright, director, and sometimes an actor.
